

Agenda Item Summary: Item #09-1089

Fulton County, GA

BOC Meeting Date
1D/21/09

Requesting Agency

Department of Information Technology

Commission Districts Affected
All

Requested Action (Identify appropriate Action or Motion, purpose, cost, timeframe, etc.)

Request approval for allowing award of contract without competition for the **Department of information Technology** for Support, Licensing and Maintenance in the amount of \$172,413 with Compudyne Corporation (Fremont, CA) to provide software maintenance & support, patches and upgrades for the existing applications being utilized by the Sheriff at Fulton County Jail locations for one year upon execution of contract. Effective Dates: 01/01/2010 to 12/31/2010.

Requirement for Board Action (Cite specific Board policy, statute or code requirement)

In accordance with Fulton County Purchasing code Section 2-319 and BOC Policy and Procedure #800-11 - (Basis for Conditions Allowing Award of Contract without Competition), after following the procedure as stated in P&P #800-11, and the Purchasing Department having determined that there is only one source available for the required supply, service, or construction item, this request is forwarded to the County Manager for review and approval and presentation to the Board of Commissioners for final approval.

Is this Item Goal Related? (if yes, describe how this action meets the specific Board Focus Area or Goal)

• Yes No

Summary & Recommendation (First sentence includes Agency recommendation. Provide an executive summary of the action that gives an overview of the relevant details for the item.)

The Department of Information Technology requests approval for allowing award of contract without competition to Compudyne Corporation. This agreement is for annual support and maintenance for the applications used by the Sheriff's department. If the support is not continued, Fulton County will be in danger of running mission critical applications with no ability to recover should a system down situation occur. This application monitors the timely release of inmates, the history of visitation records, and jail charges and discipline history. This solution suite was procured via a competitive process (RFP) based on a set of specifications that was developed on a detailed review of user requirements. These solutions are used by public safety officials and employees in multiple locations in the County. If this item is not approved, major public safety business processes of the County will be severely impacted.

Fiscal impact / funding Source (Include projected cost, approved budget amount and account number, source of funds, and any future funding requirements.)

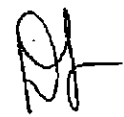

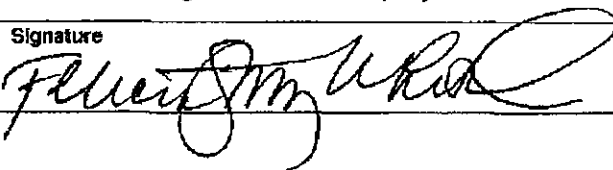

100-220-2204-1113, General Software Licenses, \$172,413
